Sub 7 Monthly Update for May

OK you can stop holding your breath, the newsletter is here!

I know how much you all look forward to this highlight of the month, well nearly all as nothing can replace The 'Beano' in Ian Howse's affections (Jen *reads* it to him) or the naughty and unmentionable stuff that Rich Collins ogles over but let's see who's been doing what in another action packed Sub 7 Month.

I hope you enjoy the read and find a bit of inspiration from all the perspiration.

Cheers,

Rod (FR)

Well done to **Warren** who won a close battle with **Michael** for first with **Richard** not far behind in third.

Top Lightweight was the ever dependable **James** with **Steve** second and **Rob** making a welcome return from a short break in third.

Our first Lady was Marjorie with Carol just behind and Tracy in third.

The Cross Team Challenge (CTC)

http://c2ctc.com/index.php?c_id=82

Another very good showing from our top boat who were only just behind the winners. Top performer was team Captain **Casey Clark** who finished a very creditable 4th overall.

We filled an excellent **13 boats**, which was over double the number of our nearest rival, with none left in the dock so a big thank you to all who made the effort to enter a score on behalf of the club.

We had **3 boats** in the **top 10**, of the **46 boats** in the competition **28%** of them were ours and we sure ain't the biggest club in terms of membership, it speaks volumes for our commitment to participation and being 'active' ,so well done all.

Don't forget the **ITC** is totalled over 4 months so if you miss one you've got no chance in the cumulative competition.

PB's/Records

Mad Matt's been at it again and this time has roped in a young lady who must be nearly as bonkers as he is as they set a new World Record for Lightweight 20-29 mixed tandem non-stop rowing of 60 hours!

That's 7 World Endurance Records Matt has set now and actually holds 5 currently because two of them he's set twice as he's reclaimed or extended them so well done Matt and thanks to all who helped support him on the chat thread and facebook as he ground out the metres with his eyelids propped open with matchsticks and plenty of caffeine.

Just for good measure Matt also did a PB for 60 minutes with 14158 (2:07.1) which must have seemed like a very short sprint to him.

Marjorie......was slacking a bit last month and only set <u>*two*</u> British Records (it was three the month before!) with a 5k in 20:31.0 (2:03.1) beating the old record by 11.7 seconds and a 30 minutes covering 7220 (2:04.6) which improved her own BR by 59m.

Eddie Ventress.....Set a new British record for 50-54 hwt men 500 with 1:21.9

The following all set new PB's;

Simon Lake5k in 19:10.3 2k in 7:09.7....and 30 secs of his 10k PB with 38:50.8(1:52).....and to cap it all a Marathon in 3:14:06.2

Steve Plank...... HM in1:24:15.0 (1:59.8)

Bryan Tapsell......5k, 20 seconds faster with 22:02.0

Harry Patel......30 mins 7250 (2:04.1)

Ben Duhig (Adman)......500 in 1:31.6 and 5k in 18:59.3 (1:53.9)

James Howard......60 mins 16245m and a HM in 1:18:35.5

Steve Sempert	5k 20:59.0 (2:	05.9) an 8.5 secs improvement.
Tory Charn	ran a HM in 2ho	ours and 3 minutes.
Dougie Lawson (Citroe	n)cycled	100 miles in 5hours 46 minutes

Posting & Membership

For the club to run properly all we ask is that members stay in contact. The main ways of doing that are **1**) Posting on the clubs chat thread. **2**) Doing the CTC. **3**) Doing the ITC.

I keep a record of everyone's contributions to these (I really should get out more!) so ideally my spreadsheet will show **3 boxes ticked** for everyone each month.

If I see **three blank boxes** per month over 3 consecutive months then I'll assume that person is not taking part and will take them off the list although will continue to send this newsletter for a while.

If someone, as they often do, pops back up again after a break then I put them back on the list.

We currently have **116** people on the membership list which includes those that only do the CTC for us so it tends to vary quite a bit as with that number there will always be folk coming and going and some resting but hopefully the majority will be doing all 3 of the main contributions to club activity.

So there you are....all contributions are duly noted and any missed CTC's or ITC's are noticed.....it's not exactly 'big brother' but it helps us to know who's doing what and keeps me from hanging around street corners!

And Finally.....

This is one of the funniest things I've ever seen, I'm sure you'll have a laugh too;
